

English Conversation for Beginners (Zoom)

Professor: James Chang

1. Several discussion questions will be posted a week before the Zoom meeting.
2. Each student should prepare the answers or main ideas to the discussion questions before the Zoom meeting.
3. During the session, each student will read or explain the answer slowly, usually saying it two times to make sure everyone understands.
4. Then there is a Q and A component. The teacher will initiate and ask a couple of related questions. Other students are encouraged to ask questions related to what the speaker has said. The speaker will reply to the questions.
